

## SW301 - Research Report: UN Conventions/ Declarations and International Humanitarian and Disaster Management - Instructions

- Produce a research report that contains an annotated list of at least five United Nations' Conventions and Declarations that foster human and environmental rights (ecojustice) and at least two international legal documents that relate to Humanitarian and Disaster Management .
- For each Convention or Declaration provide a 4 to 5 sentence summary of the nature of the Convention or Declaration explaining the relationship to social and community work
- Where possible indicate the date when your country's government signed and ratified the instrument.
- The Report should follow a proper research report format with title page, introduction, research methodology used, annotated list and a summary conclusion about what has been learned in relation to the Social and Community Work Graduate Profile and application to professional practice.
- 10% of final grade
- Marking Rubric below
